## Poetry.

### THE ANOINTED DOVE.

*Suggested by a passage in the Song of Solomon.*

'Midst rocks and caverns, all alone,
A white-winged dove was heard to moan,
All day, at night, forlorn she sate,
Without a friend, without a mate.

One morn a holy man passed by,
With snowy beard and prayerful eye;
A censer on his arm he swings,
With which he fumes the sad bird's wings.

Charmed by the force of odors bland,
The lone one perches on his hand,
And then, with liquids heavenly sweet,
He bathes her eyes, her plumes, her feet.

All dripping thus with holy dew,
As up morn's roseate clouds she flew,
Of God's own garden the perfume
Streamed on her track from every plume.

For leagues on leagues these sweets she fann'd
O'er winding stream and desert sand,
And crouded caravan, 'tis said,
With all the camels, knelt and prayed.

"Is Eden floating down, indeed?"
The Arab cried, and reined his steed;
"Or hover o'er yon groves of palm
Sweet Angels veiled in clouds of balm?"

Meanwhile, amid those caverns rude,
All day the holy hermit stood,
Oft gazing eastward in the air,
As if winged visitors were there.

Clambering at eve a lofty rock,
He saw a rainbow-tinted flock
Of doves fly towards the sinking sun,
All circling round th' anointed one.

"O! Innocence!" the old man cried,
"Thou comest back, a spotless bride;
Where'er thy heaven-sweet wings are found,
The sisters virtue flock around."

### COAL.

LYKENS VALLEY COAL—The subscriber was the first to introduce Lykens Valley Coal into this market, and it has proved a good family coal. The only objection to it is the clinker and the manner in which it has been shipped for the last two or three years.—I have now to offer the Trevorton coal equal in all respects, and superior, as regards both the manner of shipment and the clinker.—Certain interested parties have endeavored to coerce the dealers in this and other markets into the purchase of the L. V. coal of them, by means of advertisements headed "Caution," as though dealers who do not purchase *short mountain* (sold for Lykens Valley) of them, were palming off an inferior article upon the public. Persons unacquainted with the Trevorton Coal can examine and test it with the Short Mountain (Lykens Valley) coal, at Wm G. Peckham's or on the wharf of the subscriber.

SPANISH GOLDEN MIXTURE.
FOR FEMALES.

THIS elegant vegetable compound has long been used by the Spanish ladies, for regulating the derangements of the female system, and for improving the general health and beautifying the complexion. It is a warming, stimulating and tonic cordial; enriching and purifying the blood, quickening the circulation, imparting color to the lips and cheeks, brilliancy to the eyes, and a clearness and freshness to the complexion not attainable by any other means,

☞ As a Female Medicine it has no equal. It will remove female obstructions when all other remedies have failed, and a few doses taken for one week before the monthly period will prevent all obstructions *from any cause whatever.* This may seem incredible, but try it. If it fail in any case the price will be refunded. Sent to any part of the country. Price $3.00 per bottle.

# NEWPORT DAILY NEWS.

SATURDAY MORN'G, AUGUST 1, 1857.

ON THE OUTSIDE OF THIS ISSUE.—*First Page*—Poetry.

☞ The Editor of the NEWS has found it necessary to be absent for a few days on Business, he has however left the editorial management of the journal in competent hands, and hopes that his patrons will find no reason to blame either him, or his assistants for their management during his brief sojourn abroad.

☞ The prospects with which Gov. Walker set out for Kansas, were brilliant in the extreme and we had reason to suppose, that his mission would have been so pacifying, and straight forward in its tendencies that we should soon see the discordant elements of that distracted territory once more united, through the influence of a just and impartial Government; but our hopes have so far been blasted and we fear that more blood will yet stain the virgin soil of that devoted territory before it can become a free state.

Gov. Walker's promises to secure to the people of Kansas a fair vote upon the new constitution about to be framed, brought upon him such a tempest of denunciation from his supporters at the south, that he soon saw that he had not only failed by this measure to secure the confidence of the Free State men at home, but had sacrificed his chances in the next presidential race; consequently, his next step was taken for the purpose of regaining his lost position at the south.

The Free State men have steadily refused to pay the taxes levied on them for the support of the bogus territorial government. The citizens of Lawrence have also recently organized a municipal government on the principle of "squatter sovereignty" and elected a mayor and other city officers. Thereupon, Gov. Walker issued his proclamation calling upon them to desist from their "treason" and threatening them with the power of the U. S. Army quartered in the territory, which it was pretended was sent out to reduce the Mormons in Utah. Accordingly he sat down before Lawrence on the 17th of July, with three hundred United States troops, thinking, by this demonstration, to awe the determined men who have already successfully resisted similar demonstrations in defence of their rights as American citizens. The people of Lawrence treated the whole operation as a farce. They went about their business as usual, resolved to pay no attention to the governor or his soldiers, and determined that the taxes should not be collected nor their municipal arrangements disturbed.

What the Gov. thought of this *coolness* on the part of the citizens of Lawrence we have no means of knowing, but probably his thoughts and his feelings too would be better kept to himself.

LADIES AT SARATOGA.—WANT OF BEAUX.—A correspondent, after describing many beautiful young ladies now there, adds:

"I have never seen so many pretty young girls at Saratoga before; ranging from 17 to 20 years. I am happy to say that the style of dress is more simple than formerly, organdies and tissue having in some measure supplanted the heavy silks worn on previous occasions. There are not many distinguished people here at present, less than I have ever seen, but the company is more genteel, taking them *en masse*, and freer from decidedly vulgar persons than formerly. The young ladies are decidedly in want of beaux, and it would be a good thing to send out a recruiting officer to scour the country around. Dancing beaux are scarce, and much in demand. As yet, we have had no fine vocal or instrumental performances, but some is soon promised."—*Boston Transcript.*

## LOCAL NEWS.

FORT ADAMS, July 30, 1857.

DEAR SIR:—Please do us and the community of Newport the favor to insert the following in your paper of to-morrow morning and oblige. Very Respectfully,

Your obedient servant,
J. BANKHEAD MAGRUDER,
Lt. Col. U. S. Army.

"FORT DAYS."

We are authorized to announce that at the request of the visitors of Newport there will be music at the Fort on Monday and Thursday of each week instead of the usual day. This arrangement will continue until further announcement with the substitution of Tuesday the 11th inst. for Monday the 10th.

For the safety, convenience and pleasure of those who may visit the Fort on these occasions, the following arrangements have been adopted:—

1st—No carriage will enter the Fort on the above-mentioned evenings after half-past 6 o'clock, and no carriage will leave the Fort by the main entrance before that time.

2d—On entering the Fort, the carriages will drive alternately to the right and left, always keeping to the right in moving around the Parade.

3d—Carriages moving in the circle will not be allowed to halt, but will move on at a walk or a gentle trot.

4th—Those wishing to stop to change direction or for any other purpose, must turn out at the angles of the Fort, and "fall in" in order when they desire it.

5th—Sentinels will be stationed at the entrance and the angles, to ensure the execution of these arrangements, which gentlemen are respectfully requested to cause to be explained to their coachmen, who, it is expected, will, in all cases, promptly obey the instructions of the sentinels.

☞ The Hop at the Fillmore House last evening commenced at about ten o'clock—the usual hour. A very fair number of persons in full ball dress were present. Dancing was continued until two in the morning, though "hops" seemed out of favor with the ladies. The music was that of the entire Germania Band, and the unavoidable "German" was the *finale* of the occasion.

Among the new dances we wish to notice the "Lancer's Quadrille," a fine and modest, but somewhat complicated dance, reminding one of the good, old-fashioned measures in which our grand sires are known to have delighted.

Among the many stars of the occasion, we recollect only Miss C—e, of Boston; Mrs. P—l, Mrs. C—k, Mrs. J—s, Mrs. M—h, Miss W—p, Miss S—t, the two Misses W—t, New York, Mrs. H—s, Mrs. T—t, Miss R—r, Miss C—w, from Savannah, Miss P—k, Charleston, S. C., and Mrs. B—s, from Taunton.

The Hop was under the management of the following gentlemen: Hon. R. McLane, Baltimore, W. Pell, N. Y., W. Chadwick, Col. Van Buren, N. Y., Mr. Anderson, Mr. Hutchins, Baltimore, Mr. Parker and Mr. Marsh, N. Y. We noticed Col. Magruder of the fort, and several of the officers of his command, who all seemed to enjoy the entertainment extremely.

☞ Rev. Dr. Sears, President of Brown University, and for many years Secretary of the Board of Education in Massachusetts, will preach at the North Baptist Church tomorrow at half-past ten a. m., and at three p. m.; and at six p. m.; will deliver an Address on the state of religion in Germany, with the early history of the Baptist Mission there, in the formation of which he took an active part, while residing at the German Universities.

☞ The work of grading and curbing Division-street, has been commenced in good earnest, and we may expect to see, very soon, this quiet street, with substantial brick side-walks on either side. School and High-streets will probably also be in similar manner, in short time.

☞ We are requested to state that for the next week the Germanians will play at Fort Adams on Monday and Thursday afternoons instead of Tuesdays.—Subscribers are requested to pay their Subscriptions either to Mr. Tell at the Fillmore House, or to the Superintendent of the Club House.

☞ Count Montholon, Consul General has taken rooms for himself and family at the Fillmore House.

The quietness and decency of the last two Sundays in New York are the best comment upon the operation of the new police system, as soon as the factious opposition of the Mayor would give it an opportunity to operate, even though imperfectly. It is also admitted that the security of the streets in New York, on other days and at all times, has been greatly improved since the new organization. Any system of police must, to a considerable degree, depend upon the head of the municipal government. If he is indifferent, it is a great impediment; if he is in direct opposition, it is impossible that the system can have a fair trial. If the new system works so well in spite of the Mayor, in spite not only of his opposition, but of his forced resistance, and of the riotous insurrection of his Dead Rabbit friends, it is not difficult to understand that with the co-operation which is bound to give to it, it would be entirely successful.—*Providence Journal.*

☞ The henpecked husband would be happy enough if he were only let alone But he generally has some kind friend who is perpetually urging him "not to stand it."

### European Correspondence.

HEIDELBERG, January, 1857.

MY DEAR * * * * *: I need not tell you that your long and kind letter of October 31st, was most welcome: or that I laid it aside with a sincere intention of a prompt answer. But as the late Mr. Maguire very justly observed, "we're all poor creturs," and our good intentions a very uncertain crop. There is, moreover, a sort of spell in this quiet German life, that makes it difficult to do any thing so much out of the common course as writing a letter.

Nothing can be duller than Heidelberg in the winter, and yet nothing less stupid.—It is a community hybernating among books, a collection of literary bears—sucking their own paws, and those of each other. They do the former at home all the morning, and till about four o'clock in the afternoon, then they generally get together at the Museum, a club-house, and play cards or dominoes till seven or eight o'clock, supper time, after which each retires into his own den.

The card room of the Museum is really an interesting sight during these hours, especially on Sunday afternoon, which is the great time of all with Germans, for card playing and going to the theatre. The best pieces are always given on that evening, and we have lost many of them by sticking to our American prejudices.

What I have said above, applies chiefly to the Professors and tutors, and to the literary men who are collected here. The students of the University lead a different life, and a great deal of the romantic charm which, in America, attaches to the student life of Germany, is dispelled by close observation. The German student has got over his passion for long hair and suicide; his chief delights at present consist of a very small bright colored cap, (denoting his peculiar *Chor*,) immense boots, worn outside, and coming above the knee, a big dog, and a riding whip or light cane. This costume is supposed to denote a traditional intuition of going a shooting, which the student is supposed in like manner to possess; and the notion is further confirmed by the fact, that a portion of the city's forest is solemnly set apart for the "Student's Hunt," by stone pillars. The practical accomplishment of this insatiable passion, is somewhat impeded by two facts: first, that there is nothing whatever in the woods, to shoot; and second that the students are not allowed to have fire-arms, of which probably not one in a hundred understand the use. Instead of shooting, therefore, they go, dogs, boots and all, tramping down the *Hauptswarse*, (main street,) in most truculent style, and end their course—where do you think?—in a pastry cook's shop, where they spend a great part of the day, eating pies and sugar candy!—This is absolutely so. Each *Chor* has its own *Conditorei*, or shop; and there you will find them all day long, engaged in this manner, and playing cards.

In the evening, they assemble in like manner, each at its own special *Kneip*, or beer-house, and drink beer, till the vagabond bell rings at a quarter to eleven o'clock, whereupon they go home, singing and shouting through the streets, and loudly asseverating that each several member of their particular *Chor*, is a h—l of a fellow, or what is tantamount to it in German.

Beer and pastry, however, constitute the extent of their dissipation, except on grand occasions, when they concoct a bowl of very weak, very sweet, very warm grog, or *Punsch*, (pronounced *poonch*,) and consider themselves at the acme of dissipation.

These *Chors* correspond in a measure to our secret societies. They are divided chiefly by nationalities, real or traditional; the greater part like German nationality in general, belonging to the latter class.

Thus we have Prussians, Swabians, Alemanni, Westphalians, &c. Their badges consist of a little cap of the *Chor* colors, and a broad ribbon worn like a scarf: and the only real service they render the world, so far as I have been able to discover, is the picturesque effect, which parties of them lend to the streets, or the gardens of the Castle, on a holiday. As for their duelling of which so much has been said, it is the most absurd of farces. Two Americans could not look in each other's faces without laughing, accoutred as the duellists are, in pads, and breastplates. The only part left accessible, is the face; and the only possible result of a duel,—a scratch of greater or less extent: unless when, by a very rare accident, an eye is imperilled. A challenge is very rarely given for any real cause: the greater part are a mere trial of skill in fencing, between the *Chors*. The combatants fight fifteen minutes, or until one is wounded—that is to say, scratched, in which case, his adversaries carefully measure the length of the scratch, and record it in a book, to the glorification of the *Chor*,—the aggregate length of all the scratches inflicted, being compared at the end of the term, with that of all the scratches received; and the honor of the *Chor*, being considered *plus* or *minus*, accordingly. It is hard to conceive, what a matter of immense importance, all this contemptible boy's play, is made by men, who in point of age, are fully equal to our collegians; and in education generally, in advance of them: but still harder, to understand, why outside barbarians have been willing to talk of it, as something wonderful and important—this *Chor* life, and duelling, and kindy eating &c.

In opposition to the *Chors*, stand some *Verbindungs* or Unions, which reject the duelling system; and, consequently, are exceedingly looked down upon, by the heroic duellists. In one instance, however, the latter have met their match. They challenged the Verbindung (a favorite way of annoying them,) and to their utter astonishment, and no slight disgust, the challenge was accepted, to fight with *pistols*.

This was decidedly too much for the heroes: "shooting bullets," was reducing the thing too much to practical earnest,—they raved, and swore unimaginable German oaths,—and *backed down*. The Germans are decidedly a peaceable people. It perfectly astonished me at first, to see a party of men shouting and swearing in hot dispute, calling each other, the most opprobrious names, thwacking their beer glasses on the table, and keeping up the fury, by the hour at a time. A party of Americans would have been fighting in five minutes.

Without being a fighting man in any sense of the word myself, I must say, that I have often wished, in seeing one of these disputes, that I could find a trifle of American blood in one of them. We had a ludicrous instance of this the other evening, in the street under our window.

Three Prussian students came down the street, singing "*Die Preussen smid da*," *Die Preussen smid da*." (*The Prussians are there*). This is the chorus of a popular song, which owes its origin, to the delight of the Prussians, in finding themselves *anywhere*, after they had been, for some time after the battle of Jena, decidedly *nowhere*. Just by our house, they encountered some members of another *Chor*, against whom, they had some particular grudge: and at it they went on both sides, hot and heavy. Their voices could be heard for blocks, and soon drew up re-inforcements for both sides: and there, for half an hour or more, stood at least twenty full grown young men, professional students, shouting abuse at each other at the top of their voices, without a blow being struck.—Upon my word, I think even our American excesses, with the quick blow following an insulting word, and even the revolver in case of need, is a better thing for national character, than this. It was fun, to hear the compliments interchanged; but no translation can give you an idea of their piquancy. Among the quarrelers, was the sovereign prince of a little seven-by-nine German state. His serene highness, Henry XVth, of *Reuss-Klipphausen*, who is a student here: and I was glad to see, that he got a princely share of attention. "*Thou starveling—thou prince of nothing, thou general of six men*," and a dozen most decided hits of this kind, must have hit his highness hard. I have given these students more space, than I intended. I must however, add, that there is another class of quiet, hard-working men, who take no part in these follies; and are keeping up the reputation of German erudition, while the *Chor* students unless they have fortunes of their own, generally subside into one of the many forms of prudent, conservative office-holders, which abound in these petty German States. Good bye * * *

A INTERESTING CASE.—It will be remembered that some time since a so called revolution occurred in Peru, and the leader of the movement, General Vivanco, took possession of the Chincha Islands and disposed of a quantity of the guano thereon. Several vessels loaded with the guano he disposed of, sailed for the Unitee States, and among them the bark Huntingdon, consigned to Jas. Corner & Son, of Baltimore. The agent of the Peruvian government at this port sued the writ of replevin out of the United States Circuit Court, and on Friday last, United States Marshal Watkins chartered a steam tug and went down to Swan Point, where he found the vessel and brought her to the city. The guano was delivered to Messrs. Barreda. As will be seen by the above statement the question of sovereignty *de facto* and *de jure* will come into discussion. Messrs. Wallis, Nelson and R. Johnson, Sr., are counsel for the Peruvian government; Messrs. Brown and Brune appear for James Corner & Son.—*Baltimore American, July 25.*

The Richmond Dispatch, in its confidence in human ingenuity, believes the time will come when gas will be applied to the ladies crinolines as a motive power, and which will enable the ladies to inflate their hoops so that they can answer all the purposes of balloons, which they so much resemble! What a luxury on a hot summer day, to set sail from the suffocating atmosphere of a city drawing-room for some snow white cloud, in the cool blue azure! Wouldn't they look angelic, as they soared upward? The only drawback would be, that the beaux, not wearing hoops, would be unable to follow. Alas! what would earth be without hoops, or heaven without moustaches? The fair aeronauts would soon come down from the clouds, to make conquest among the sons of men. Fashions may change, but human nature never.—*Boston Post.*

### DIED.

In this City on Friday morning, at 7 o'clock, Miss Caroline A. Howland, daughter of Capt. George Howland, aged 22 years.

We could not weep upon the day
When her pure spirit passed away;
We thought we read the mystery,
Which in her life there seemed to be
That she was not our own, but lent
To us a little while, and sent
An Angel Child, what others preach
Of heavenly purity, to teach,
In ways more eloquent than speech—
And chiefly by that raptured eye
Which seemed to look beyond the sky,
And that abstraction listening
To hear the Choir of Seraphs sing.
Softly the servants bore the child,
Who at her parting turned and smiled,
And looked back to us, 'till the night,
Forever hid her from our sight.

READ! READ!! READ!!!—"Ye afflicted read" the following Certificate of a cure of over 20 years' standing:

H. T. HELMBOLD—Dear Sir:—I have been troubled with an affliction of the Bladder and Kidneys for over twenty years. I have tried physicians in vain, and at last concluded to give your genuine preparation a trial, as I had heard it highly spoken of. It afforded me immediate relief. I have used three bottles, and I have obtained more relief from its effects and feel much better than I have for twenty years previous. I have the greatest faith in its virtues and curative powers, and shall do all in my power to make it known to the afflicted. Hoping this may prove advantageous to you in assisting you to introduce the medicine. I am truly yours, M. MCCORMICK.

**ALPINE HAIR BALM**

FOR

**Restoring Gray Hair to Its Original Color.**

WARRANTED to cure Baldness, Scurf Dandruff, itching and all diseases of the skin. This Balm gives the scalp a new and healthy action; restores the coloring matter to the roots of the Hair, which passes through the Hair, and gives it a natural color without the use of Hair Dye.

Hundreds of preparations have been introduced, pretending to preserve the Hair and keep it from falling off, composed of Oils, Alcohol and other deleterious materials, and all to no use. Hair Dyes have been introduced that do not give the Hair a natural color, besides being troublesome to use. This Balm is not a Dye. Knowing that a preparation was needed to do what was required for the Hair, the proprietor was induced to experiment until he could obtain an article that would be the exact remedy. It is soothing and emollient allays all irritation of the scalp, thereby stopping that troublesome itching. It cures Dandruff and Scurf, and when the Hair has turned gray it will bring it back to its original color be it Black, Brown or Auburn. It makes the Hair soft and glossy—prevents it from falling off, as will be seen by using this Balm for only a few days—life will be given to the roots of the Hair, and growth will soon appear.—Growth does not take place at the end of the Hair, as will be seen in persons who have their Hair dyed. If you examine gray hair that has been cured for a week, you will find towards the roots that the hair has come out gray, hence it is necessary to have the fluid at the roots of the hair healthy, that the whole hair may be a natural color. Each hair has a root in the skin, and is of itself a hollow, gray tube, through which there is a constant circulation of the pigment from the root.—When this pigment or coloring matter dies out, it leaves the hair hollow and it becomes gray. To invent a Balm that would produce this pigment has become the study of the proprietor. The discovery of the Alpine Hair Balm will do it. It will bring the Hair to its natural color by making anew the coloring matter in the roots of the hair.

It is a mistaken notion that oil or grease will restore the hair, as nothing can be more injurious. The Alpine Hair Balm, will restore the skin and save the hair of those who have been sick with fever or any disease.

### HELMBOLD'S
GENUINE PREPARATION.
OF
### Highly Concentrated Compound Fluid Extract Buchu,

*For Diseases of the Bladder, Kidneys, Gravel, Dropsy, Weakness, Obstructions, Secret Diseases, Female Complaints, and all Diseases of the Sexual Organs,*

Arising from Excesses and Imprudencies in life, and removing all improper Discharges from the Bladder, Kidneys, or Sexual Organs, whether existing in

**MALE OR FEMALE.**

From whatever cause they may have originated,

*And no matter of how long standing, giving Health and Vigor to the Frame, and Bloom to the Pallid Cheek.*

*JOY TO THE AFFLICTED!*

It cures Nervous and Debilitated Sufferers, and removes all the symptoms, among which will be found

Indisposition
to Exertion, Loss of
Power, Loss of Memory,
Difficulty of Breathing, General Weakness, Horrors of Disease, weak Nerves, Trembling, Dreadful Horror of Death, Night Sweats, Cold Feet, Wakefulness, Dimness of Vision, Languor, Universal Lassitude of the Muscular System, Often Enormous Appetite, with Dyspeptic symptoms, hot hands, Flushing of the Body, Dryness of the Skin, Pallid Countenance and Eruptions on the Face, Pain in the Back,
Heaviness of the Eyelids, Frequently black spots flying before the eyes, with Temporary Suffusion and Loss of Sight; Want of attention, Great Mobility, Restlessness, with horror of society. Nothing is more desirable to such patients than solitude, and nothing they more
Dread for fear of themselves; no repose of manner, no earnestness, no speculation, but a hurried transition from one question to another.

These symptoms, if allowed to go on—which this medicine invariably removes—soon follows Loss of Power, Fatuity, and Epileptic Fits—in one of which the patient may expire. Who cannot say that these excesses are not frequently followed by those direful diseases—*Insanity and Consumption?* The records of the *Insane Asylums,* and the melancholy deaths by *Consumption,* bear ample witness to the truth of these assertions. In Lunatic Asylums the most melancholy exhibition appears. The countenance is actually sodden and quite destitute—neither mirth or grief ever visits it. Should a sound of the voice occur it is rarely articulate.

"With woful measures wan despair
Low sullen sounds his grief beguiled."

Debility is most terrible! and has brought thousands upon thousands to untimely graves, thus blasting the ambition of many noble youths. It can be cured by the use of this

**INFALLIBLE REMEDY.**

If you are suffering with any of the above distressing ailments, the *Fluid Extract Buchu* will cure you. Try it and be convinced of its efficacy.

*Beware of Quack Nostrums & Quack Doctors,* who falsely boast of abilities and references.—Citizens know and avoid them, and save long suffering, money and exposure, by sending or calling for a bottle of this popular and *Specific Remedy.*

It allays all pain and inflammation, is perfectly pleasant in its taste and odor, but immediate in its action.

HELMBOLD'S
*EXTRACT BUCHU!*

Is prepared directly according to the rules of

with the greatest accuracy and chemical knowledge and care devoted to its combination.—See Professor *Dewees'* Valuable Works on the Practice of Physic, and most of the late standard works of medicine.

## FOR THE HAIR.

**The Greatest Discovery of the Age.**

PROFESSOR WOOD offers for sale perfect HAIR RESTORATIVE. It is in a short time restore the Hair, which become gray prematurely, to its original color—bring it out where it is gone, and arrest when it is falling off—cleanse the head of dandruff and itchings—remove all cutaneous eruptions, and render the scalp perfectly healthy, by restoring the secretive organs to their original vigor and strength, and thus supply nutriment and coloring matter to the roots. It does not Dye the hair, but is, in short a perfect Hair Invigorator and Tonic.

To the young, who so much admire the beautiful locks and ringlet, he feels that he will be pardoned if he offers the advice suggested by long study and extensive observation. It is to discard all cologne and stimulating oil for the hair, and keep always upon the toilet a bottle of the Restorative for occasional use and we can safely predict, that henceforth silver locks will be upon bald heads. Let the dark eye be ever so piercing.—and the teeth be those of pearl—still, if the natural fluids be withheld from the hair, and in consequence becomes first dead and harsh, then gray, or falls off nature will be robbed of more than half its charms; as it is a sovereign remedy for those who are gray as well as those who are bald, all must see the propriety of making only such application to the hair and scalp as is calculated to preserve both in a healthy state.

From the editor of the Real Estate Advertiser No. 2 School Street.

Boston, March 20, 1855.

Prof. Wood—Dear Sir—Having become prematurely quite gray, I was induced some 6 weeks since, to make a trial of your Hair Restorative. I have used less than two bottles, but the gray hairs have disappeared; and although my hair has not fully attained its original color, yet the change is gradually going on, and I have great hopes that in a short time my hair will be as dark as formerly. I have also been much gratified at the healthy moisture and vigor of the hair, which, before was harsh and dry, and it has ceased to come out as formerly.

Respectfully yours,
D. C. M. RUPP.

Milford, Worcester Co., Mass., Nov. 13th 1855.

Prof. O. J. Wood—Dear Sir—I take pleasure in bearing voluntary testimony to the magic effects of your wonderful Hair Restorative. As far back as 1856 my hair commenced falling off until the top of my scalp became bald and smooth as glass, and it has continued to fall off for a great many years, notwithstanding I have used many celebrated preparations for its restoration. Seeing your advertisement I was induced to give your article a trial, and to my utter astonishment I found after a few applications that my hair became firmly set and assured by very glossy and beautiful appearance; and at the time I had used a quart bottle, my bald head was covered over with a young and vigorous growth of hair, which is now from one to two inches in length, and growing very fast.

Yours, truly,
HENRY GOODRICH.
Carlyle, Ill., June 27, 1856.

I have used Prof. O. J. Wood's Hair Restorative, and as I thought permanently gray; but by the use of his Restorative, it has resumed its original color, and I have no doubt permanently so.

## AYER'S
# CHERRY PECTORAL,
FOR THE RAPID CURE OF
### Colds, Coughs, and Hoarseness.

BRIMFIELD, MASS., 20th Dec., 1855.

DR. J. C. AYER: I do not hesitate to say the best remedy I have ever found for Coughs, Hoarseness, Influenza, and the concomitant symptoms of a Cold, is your CHERRY PECTORAL. Its constant use in my practice and my family for the last ten years has shown it to possess superior virtues for the treatment of these complaints. EBEN KNIGHT, M. D.

A. B. MORTLEY, ESQ., of UTICA, N. Y., writes: "I have used your PECTORAL myself and in my family ever since you invented it, and believe it the best medicine for its purpose ever put out. With a bad cold I should sooner pay twenty-five dollars for a bottle than do without it, or take any other remedy."

### Croup, Whooping Cough, Influenza.

SPRINGFIELD, MISS., Feb. 7, 1856.

BROTHER AYER: I will cheerfully certify your PECTORAL is the best remedy we possess for the cure of *Whooping Cough, Croup*, and the chest diseases of children. We of your fraternity in the South appreciate your skill, and commend your medicine to our people.

HIRAM CONKLIN, M. D.

AMOS LEE, Esq., MONTEREY, IA., writes, 3d Jan., 1856: "I had a tedious Influenza, which confined me in doors six weeks; took many medicines without relief; finally tried your PECTORAL by the advice of our clergyman. The first dose relieved the soreness in my throat and lungs; less than one half the bottle made me completely well. Your medicines are the cheapest as well as the best we can buy, and we esteem you, Doctor, and your remedies, as the poor man's friend."

### Asthma or Phthisic, and Bronchitis.

WEST MANCHESTER, PA., Feb. 4, 1856.

SIR: YOUR CHERRY PECTORAL is performing marvellous cures in this section. It has relieved several from alarming symptoms of consumption, and is now curing a man who has labored under an affection of the lungs for the last forty years. HENRY L. PARKE, Merchant.

A. A. RAMSEY, M. D., ALBION, MONROE CO., IOWA, writes, Sept. 6, 1855: "During my practice of many years I have found nothing equal to your CHERRY PECTORAL for giving ease and relief to consumptive patients, or curing such as are curable."

We might add volumes of evidence, but the most convincing proof of the virtues of this remedy is found in its effects upon trial.

### Consumption.

Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Some no human aid can reach; but even to those the CHERRY PECTORAL affords relief and comfort.

ASTOR HOUSE, NEW YORK CITY, March 5, 1856

DOCTOR AYER, LOWELL: I feel it a duty and a pleasure to inform you what your CHERRY PECTORAL has done for my wife. She had been five months laboring under the dangerous symptoms of Consumption, from which no aid we could procure gave her much relief. She was steadily failing, until Dr. Strong, of this city, where we have come for advice, recommended a trial of your medicine. We have his kindness, as we do your skill, for she has recovered from that day. She is not yet as strong as she used to be, but is free from her cough, and calls herself well.

Yours with gratitude and regard,

ORLANDO SHELBY, OF SHELBYVILLE.

*Consumptives*, do not despair till you have tried AYER'S CHERRY PECTORAL. It is made by one of the best medical chemists in the world, and its cures all around us bespeak the high merits of its virtues. — *Philadelphia Ledger.*

# Ayer's Cathartic Pills.

THE sciences of Chemistry and Medicine have been taxed their utmost to produce this best, most perfect purgative which is known to man. Innumerable proofs are shown that these PILLS have virtues which surpass in excellence the ordinary medicines, and that they win unprecedentedly upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart healthy tone with strength to the whole system. Not only do they cure the every-day complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; and being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief were they not substantiated by men of such exalted position and character as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my Preparations contribute immensely to the relief of my afflicted, suffering fellow-men.

The Agent below named is pleased to furnish gratis my American Almanac, containing directions for their use and certificates of their cures, of the following complaints:—

Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from a foul Stomach, Nausea, Indigestion, Morbid Inaction of the Bowels and Pain arising therefrom, Flatulency, Loss of Appetite, all Ulcerous and Cutaneous Diseases which require an evacuant Medicine, Scrofula or King's Evil. They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body or obstruction of its functions.

Do not be put off by unprincipled dealers with some other pill they make more profit on. Ask for AYER'S PILLS, and take nothing else. No other they can give you compares with this in its intrinsic value or curative powers. The sick want the best aid there is for them, and they should have it.

AMERICAN AND FOREIGN OFFICE.

**R. H. EDDY, Solicitor of PATENTS**
(Late Agent of U. S. Patent Office, Washington, under the Act of 1857.)
NO. 76 STATE, OPPOSITE KILBY ST., BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries.—Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patens or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through its inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpased by if not immeasurably superior to any which can be offered them elsewhere. The testimonials below give proof that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. Theses esides his extensive library of legal and mechanical works, and full accounts of patent granted in the United States and Europe render him able, beyond question, to offer superor facilities for obtaining patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

During the time I occupied the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston did business at the Patent Office, as Solicitor of procuring Patents. There were few, if any persons acting in that capacity, who had so much business before the Patent Office; and there were none who conducted it with more skill, fidelity and success. I regard Mr. Eddy as one of the best informed and most skillful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the the Patent Office.

EDMUND BURKE,
Late Commissioner of Patents

*From the present Commissioner.*

## LOTTERIES.

LOTTERIES.—The well known Maryland Consolidated Lotteries, of which R FRANCE & Co. are the managers, are chartered by the state of Maryland, and a commissioner elected by the people, who is sworn to superintend and certify that everything connected with them is done in a strictly honorable manner, and that the interests of parties who reside at a distance are as well protected as if they themselves were present at the drawing. Another fact which the managers call attention to, is, that all persons have a legal right to send orders for tickets to Maryland, as lotteries are legalized by special law in that state. A lottery is drawn every day, in the month. If no particular class is named, orders are filled in the first drawing to take place after the communication comes hand. The prices of tickets vary from $1,00 to $20.—No tickets however, sent unless the money for the same is received with the order. The drawings are upon the principle of one number on each ticket (after the Havana plan), and Ternary combination. Prizes vary in amount from $20 to 1000,000. All orders for tickets or packages will receive prompt attention, and the drawing mailed to all purchasers immediately after it is over. Address
T. HUBBARD & Co.
No. 39 Fayette st., or Box No. 40,
jy27 Baltimore Maryland.

☞ The Drawn Numbers of the Maryland Lotteries are published by the State Commissioner in the following Papers, viz.. Sun, Clipper, Patriot, American, Argus, of Baltimore; also, the National Intelligencer and Union, of Washington, D. C.

LOTTERIES.—The Lotteries of Samuel Swan & Co., are chartered by the State of Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner.—They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The managers would respectfully call attention to the fact that all persons have a legal right to send orders for tickets to Georgia, as the lotteries of Samuel Swan & Co., are authorized by the Legislature of that State. A lottery will be drawn every Saturday throughout the year, all orders received being filled in the drawing next to take place after the same comes to hand. According to the scheme one ticket in every ten must draw a prize. Tickets are $10; halves, $5; quarters, $2 50. No tickets sent unless the money accompanies the order. The drawings are upon the principle of one number on each ticket, and are so simple that none can fail to understand them. There is no combination of numbers to mistify the buyer. Prizes vary from $10 to $50,000; every prize being drawn and result of drawing forwarded to all purchasers.

☞ A list of the numbers that are drawn from the wheel, with the amount that each prize is entitled to, will be published after every drawing, in the following papers:—New Orleans Delta, Mobile Register, Charleston Standard, Nashville Gazette, Atlanta Intelligencer, and New York Weekly Day Book.—Write your address plainly, and direct

THE GREATEST WONDER OF THE AGE.

A REMEDY which CURES IN FIVE MINUTES.—M. LEROUX'S French Cholera Cognac Bitters. This truly wonderful scientific compound is recommended by the most eminent and learned physicians of all Europe and America, and enjoys the best reputation of anything similar ever offered. It is without doubt, the best most efficient and generally acknowledged remedy against cholera, dysentery, diarrhœa, and complaints of the stomach in general. The numerous patients who have tried it according to directions have invariably found relief in a very short time, and the best proof of it is, that since this standard remedy was introduced in the armies of the Allies in the Crimea, the mortality of the soldiers from cholera and similar diseases was diminished by over 75 per cent.; in consideration of which, the inventor was presented by the French and English governments with a gold medal, bearing the inscription "Hail! M. Leroux, the great chemist and inventor, by whose knowledge our armies are preserved from cholera."

This invaluable preparation is also a remedy for billiousness, indigestion, weakness, and general derangement of the stomach. Upon being taken, it creates appetite, and prevents the heaviness attendant upon eating by persons who are dyspeptic.

In this city, also this remedy has been tried with the most undoubted success, and the undersigned can produce the best testimonials of our most celebrated physicians, as to its immediate and complete success, which he will be happy at any time to show to any that may wish to see them. S. STEINFELD,
Sole Agents for the United States, 70 Nassau street, corner of John, N. Y.

DR. GEO. PIERCE'S
*INDIAN RESTORATIVE BITTERS.*
A GREAT REMEDY FOR
FEVERS, DISPEPSIA, HEADACHE, BOWEL COMPLAINTS, PAIN IN THE STOMACH, COSTIVENESS, JAUNDICE, LIVER COMPLAINT AND ALL BILIOUS DIFFICULTIES.

THIS MEDICINE, by the uniform testimony of a great number of intelligent and perfectly credible certificates, is proved to be
**THE BEST CATHARTIC**
that has yet been introduced to the public. It is active and powerful, but easy in its operation—a full dose operating in three or four hours, usually *without any pain*, and, unlike other cathartics, it does not leave the bowels in a costive state.

Many persons suffer from JAUNDICE—many have an excess of BILIOUS ACTION in the SPRING OF THE YEAR—and are debilitated in cons
